

# Change... yet no change

other than an enhanced service offering for you...

**Naz**  
Managing Director,  
Technical

**Nat**  
Managing Director,  
Operations

## We have some news to share...

We are pleased to announce the merger of Good Wills Law and Trusted Law to make the perfect combination creating the Good & Trusted Group (G&T Legal, G&T Wills and G&T Storage).

This creates both a change to our business name and the range of services we are able to offer you.

Yet no change to the exceptional and professional service we provide. You are at the heart of everything we do!

The merger sees two amazing, talented teams combine their knowledge, skills and passion to create a legal services business set to disrupt the industry.

Shernaz (Naz) and Natalie have both been business owners developing and running highly successful practices in their own right with combined experience of 22 years in the legal sector.

During the pandemic they were introduced to each other as they have one shared mission... to deliver outstanding Will Writing, bespoke Estate & Trust Planning, and Legal services with all team members passionate about what they do and how they deliver.

Many people are unaware that Will Writing is not a regulated legal service in the UK. We want our clients to receive the best advice from suitably qualified people, so regulation is important to us as it ensures we are up to date with our knowledge and holds us accountable. We are proud that G&T Wills is regulated by The Society of Will Writers (SWW) and that G&T Legal is regulated by The Solicitors Regulation Authority (SRA). Naz and Natalie have been members of SWW for many years. Natalie is also a member of The Chartered Institute of Legal Executives (CILEX) and Naz is also an Affiliate member of The Society of Trusts and Estate Practitioners (STEP).

## The vision...

Both Naz and Natalie are highly committed individuals who continuously strive to be the best in the industry. They have a mission to be the leader in this practice across England and Wales, giving the opportunity for others who want to enter the industry and providing the highest level of training, support, and opportunity.

They both began their business out of a vision to combine work and family life. The G&T Group is a real family business with both having their family members as an integral part of the team. Family matters being at the heart of all they do.
